This event will be a luncheon on the water. If there is inclement weather we will meet at the Yacht Club. Our captains will be responsible to inform their crew concerning any changes the morning of the event. We will not set a rain date until later when the captian's can decide on another appropiate date.

We will have a sign up sheet at the OCPS Regular meeting on Thursday May 15th.

You may also call any of the captains to arrange for a spot on their boat. Ladies PLEASE practice you skills for tying up at Raft up's. We did a near perfect job last year ! Follow your captain's instruction. Try to think of things to do that would be fun for all of us.

Thank you, Doris Hamstead S
